

# S-8i75

## Li-ion Battery for JVC GY-HM600 & LS300

7.2V DC power output

5V/1A USB power output

### ● Introduction:

#### ◆ Larger capacity

S-8i75 offers 60Wh / 8.3Ah larger capacity, which will power JVC GY-HM600/650 for nearly 4 hours.

#### ◆ Display power info on camera

S-8i75 can exchange digital info with JVC GY-HM600/650 cameras, and display remaining power info on camera.

#### ◆ 4-level LED power indicator

S-8i75 has the 4-level LED power indicator, to give a quick view of remaining power before using.

#### ◆ 7.2V pole DC output socket

Like most of SWIT DV batteries, S-8i75 also offers a 5.5mm standard DC output socket, to power the other on-camera devices simultaneously.

#### ◆ 5V/1A USB power output

Press the "power check" button, the 5V/1A USB socket will supply power for mobile devices. You can use S-8i75 as a temporary power station.

#### ◆ Charging

You can use JVC official charger or SWIT Charger S-3602i to charge the S-8i75.

### ● Specifications:
